What is needed?
What am I trying to do?

How do I locate the info needed?
Search engine or directories?

Does this info fulfill my needs?
Does it take me where I need to go?
Is it useful?

Verify the info through other sources. Is the info authentic? Is it reliable?

- How do we convince reluctant parents that schools provide a safe and secure online environment that enhances learning?
- At what ratio should we combine traditional instruction with technology to achieve meaningful learning?

Propose a security tier system that is dependent on grade level. More filters for lower grades that can be lessened as students achieve higher grade levels and hence, become more responsible.
